

# Enchanted Christmas Kingdom Bauble

## Method

- Carefully cut out all 6 of the circles. (make sure you have an adult around to help with this one)
- Fold all the circles in half.
- Glue each half to the edge of another until they are all glued together in a pile. Don't glue the last two together yet. (Make sure they are all the same way up before you glue them together)
- Get the length of string and fold it in half to create a loop. Glue down the spine of the pile and place the string half way down and press to glue into place.
- Glue the final two together.
- Now hang your bauble on your tree. Don't forget to send us a picture via our social media channels using [#EnchantedChristmasKingdom](#)
