

Wishing Tree Tag

Method

- Carefully cut out The Wishing Tree tag and the ribbon. (Make sure you have an adult around to help with this one)
- If you have a hole punch, punch the hole out from the middle of your tag. If you don't have a hole punch ask an adult to help you cut the hole out with scissors.
- Using your very best handwriting fill in your tag with your special Christmas wish. Make sure your wish benefits more than 1 person and is filled with Christmas cheer.
- Thread the ribbon you cut out earlier through the hole on your tag and glue the two ends together.
- You can then bring your tag with you on your visit to the Enchanted Christmas Kingdom and hang it on The Wishing Tree.

Things you Need

- Scissors
- Hole punch (optional)
- Glue
- Your favourite writing pen or pencil
